## Summary

A graduate with 2 plus years of combined academic and professional experience, Detail-oriented Data Analyst skilled in Python, SQL, Power BI, and Excel, with expertise in data cleaning, EDA, ETL processes, and feature engineering. Proficient in data visualization tools like Matplotlib, Seaborn, and Power BI to create actionable insights. Experienced in web scraping with BeautifulSoup and managing data lakes for large datasets. Known for leveraging data-driven solutions to solve complex problems and optimize business processes.

## Education

- |   |                   |                 |
|---|-------------------|-----------------|
| • Masters of Science, Data Science (Amity University) | <b>CGPA: 9.02</b> | <b>Jun 2024</b> |
| • Bachelor of Engineering, Civil Engineering (VTU)    | <b>CGPA: 8.4</b>  | <b>Aug 2020</b> |

## Skills

- **Programming Language:** Python, MySQL, (Familiar with Java, Java Script, HTML, CSS)
- **Framework/ Lib:** Pandas, NumPy, Seaborn, Matplotlib, Plotly, Scikit-learn, TensorFlow, OpenCV, Py Torch, Keras
- **Software/Tools:** Power BI, MS Excel, MS Power Point, MS Word, GitHub
- **Technical Skills:** Machine learning, Deep learning, AI, Statistical Analysis, Data analysis, Probability, Mathematics, Large Language Model, Natural language Processing, Data Base, Data mining, Data Wrangling, Data Visualization, Data Structure & Algorithm, EDA, ETL, Data Integrity, Identify Patterns & trends, Create Dashboard.
- **Soft Skills:** Communication, Problem solving, Critical thinking, Team & Time Management, Active listener, Creative, Presentation, Strategic Decision, building report, Analytical thinking, Presentation to stakeholders.

## Work Experience

### Data Analyst Intern, Accenture [Certificate](#) Jan 2025

- Conducted analysis and modeling of 7 datasets in Excel, identifying key content trends and delivering strategic recommendations for a simulated social media client during Accenture's Data Analytics Simulation.
- Designed interactive visuals in Power BI and created a professional PowerPoint presentation, effectively communicating insights to clients and stakeholders through impactful visuals and video.
- Delivered data-driven insights that improved performance by 5-10%, supporting strategic decision-making and optimizing business outcomes.
- Demonstrated strong skills in data analysis, visualization, and problem-solving to address complex business challenges.

### Data Analyst Intern, PwC [Certificate](#) Dec 2024

- Designed and developed interactive Power BI dashboards to analyze key performance indicators (KPIs), enabling data-driven decision-making and aligning with client objectives.
- Performed in-depth HR data analysis, identifying a 30% gender imbalance at the executive level and delivering actionable recommendations to address the disparity.
- Proposed and implemented strategies that resulted in a measurable 10% improvement in gender balance within the executive team, showcasing the effectiveness of data-driven solutions.
- Communicated insights effectively to stakeholders by leveraging expertise in KPI definition, problem-solving, and advanced Excel techniques, driving impactful organizational change.

### Data Analyst Intern, Goldman Sachs [Certificate](#) Dec 2024

- Utilized advanced Excel skills for data cleansing, implementing complex functions, and developing VBA macros to automate tasks, enhancing efficiency in sales data analysis by 20%.
- Designed and delivered interactive dashboards and compelling visualizations in Excel and PowerPoint, effectively supporting data storytelling and strategic decision-making for stakeholders.
- Applied financial modeling techniques to analyze cash flow, forecast trends, and evaluate income statements, providing actionable insights to improve financial planning and performance.

## Projects

- Telecom Customer Churn Analysis: Predicts customer churn and identifies retention strategies.
- Call Centre Data Analysis: Evaluates call centre performance and customer satisfaction.
- Diversity and Inclusion Analysis: Analyse gender diversity and workforce metrics to support HR strategies.
- Zomato Bengaluru Restaurant Insight Analysis: Providing an interactive dashboard to explore ratings, cost, & features like online ordering & table booking & build web app for the same for appealing visual experience [AppLink](#)

## Certification

- |  |                             |                 |
|--|-----------------------------|-----------------|
